Positive Thought

Research is beginning to reveal that positive thinking is about much more than just being happy or displaying an upbeat attitude. Positive thoughts can actually create real value in your life and help you build skills that last much longer than a smile. Don't ever let anyone dull your Sparkle.

Resident Spotlight

Mary Blazak

Ms. Blazak was born and raised in Newark. She moved to Irvington for a few years before settling in Union, NJ, for the last 30 years. She was the first and only girl out of four children. Mary has two children of her own, Bill and Linda, and three grandchildren. After high school she was a secretary for a short bit, then a factory worker before deciding to dedicate her time to taking care of her family.

Mary's main hobby is music and she is a devoted Catholic. She was a member of the church choir for 20 years and still is a member of The Rosary Altar Society at St. John's Ukrainian Catholic Church in Newark. Mary is not much of a traveler; she stayed mainly in the States. Mary took trips to Florida and ventured off to beautiful Hawaii.

We welcome Ms. Blazak to Inglenoor and are happy to have her join our family.

Employee Spotlight

Shannon Dillon

Shannon was born in Verona, NJ, and continues to be a resident there. Shannon has one brother and one sister; she is the middle of the three children. She graduated from Montclair State University in 2010 with a biology degree. Shannon then continued her education at Caldwell University, where she graduated with her nursing degree in 2012.

When Shannon is not working she enjoys music, reading (mostly Stephen King novels), and is a dedicated Pittsburgh Penguins fan.
